

# SMARTPOS

DESIGNED FOR CONVENIENCE

## MODEL 129

SmartPOS 129 is a convenient and fast point-of-sale system. As a true "out-of-the-box solution," it comes pre-loaded, so minimal setup is required. This means you can be up and running in as little as 30-minutes.

The cashier interface also sets SmartPOS apart from other POS systems since it is intuitive, making it easy to learn and use, reducing your training time and costs. Consumers of all ages will also appreciate the large flat consumer screen. Finally, maintenance is convenient since you can do it through the cloud interface, meaning anywhere.

## FEATURES

- Intuitive interface for easy adoption and lower training costs
- Instant price book management to add items on the fly
- Unlimited storage of sales history, items and promotions
- Ready integration for scan data, loyalty and back-office apps
- 15" cashier touchscreen with convenient swipe display navigation
- 15" consumer screen to display eye-catching promotions
- High-performance Intel Core i3 processor
- Price book admin on the unit or through the cloud
- Age restriction policy admin within the unit's admin screens
- Role-based access and user rights management
- Scales to meet multi-register ops typically found in gas stations
- Cloud administration for remote management and optional support

## HIGHLIGHTS

Start selling right away with the pre-loaded cash register (point-of-sale) terminal with feature-rich POS software. No tablets or other apps are required.

The cashier 15" touchscreen with touch and swipe technology ensure fast transactions, while the 15" consumer screen ensures customers notice your promotions.

You can also feel secure knowing your products (items), promotions and sales data are saved and backed up without limit.

Improve your margins and sales by adding Petrosoft's scan data, back-office, loyalty and loss prevention apps. Start with the Free CSO Mobile app to track your sales and margins or the Retail360 app to help manage your inventory.
