Goal:
Cost effective solution

Key Solution Benefit:
Web-based system

Petrosoft Product:
C-Store Office

Speedway Convenience Store

Jason Hoxie is the operations manager at Speedway Convenience Store in Hogansburg, NY. Hoxie is well aware of the many challenges single store operators face and the difficulty of finding resources that that are realistically priced for a small business like his.

> *"C-Store Office is great!" Hoxie says. "It gives a single store operator like me the advantage of being able to get the same level of data about my business as large chains can get, but at a cost that's practical for a single-store operation. It helps us save an enormous amount of time on paperwork and managing inventory, and supports scanning really well."*

Hoxie is able to get back office work done faster and manage his inventory more efficiently using the flexible powerful management tools that C-Store Office provides. For businesses of any size, C-Store Office delivers the data that allows managers to make better business decisions and increase their profits.

About Petrosoft

Petrosoft's true-cloud platform provides innovative business solutions to the retail and petroleum industries. Beginning in 2002, Petrosoft transformed the convenience store industry when its founder, a retail operator and engineer, introduced C-Store Office, its cloud-based back-office software solution. Today, the company designs, develops, and markets end-to-end retail technology, enabling a seamless connection between vendors, forecourt, point-of-sale, made-to-order, back-office, fuel management, network and financial systems. The company continually strives to find innovative ways to enable retail operators to better manage their forecourt, in-store and back-office operations. The company supports its product line from its headquarters in Pittsburgh, PA. Find out more at www.petrosoftinc.com
